

POPS14

Solvent, Eco Solvent, Latex, UV Media

POPS14: Satin POP Banner

With its perfect blend of rigidity and flexibility for easy handling, this Pop film can be laminated for increased protection but is not necessary. Strong enough for multiple display insertions without breaking, tearing or chipping. 100% block-out.

Benefits:

- 100% Blockout
- Bright White for Image Pop
- Ultra Durable and Chip Resistant

Applications:

- Trade Show Booths
- High-End POS

Registered Latex Developer

This media is designed for digital printing applications using OEM printers with their accompanying OEM ink sets. Although designed for all printers using the aforementioned OEM matching ink sets; actual results may vary depending on printer model, age, print design, environmental conditions, and other factors. Exposure of a print to atmospheric pollutants, or to temperature, humidity, and / or lighting extremes can result in fading, color shifting, or other visual changes. The ideal conditions for printing and storage are a temperature of 70°F ±5°F and relative humidity of 50% RH ±3% RH.
